## THE VOICE OF THE PEOPLE

Joseph F. Smith and Counselors Admonish Mormons Against Indulgences. PRESIDENT WELCOMES ASSAULTS OF ENEMIES. ALL OFFICERS OF CHURCH OBLIGATED TO ENFORCE THE WORD OF WISDOM.

The following resolution offered by Apostle Heber J. Grant was unanimously approved by the Mormon conference: Believing in the word and teachings of President Joseph F. Smith, as set forth this morning, on the subject of temperance, it is proposed that all the officers and members of the Church of Latter-day Saints will do all in their power that can properly be done with law makers generally, to have such laws enacted by our legislature soon to be elected as may be necessary to close saloons and otherwise to enforce the word of wisdom, and to enact the Sunday law.

The Church of Jesus Christ of Latter-day Saints, by a unanimous vote yesterday pledged its officers and members to use every proper means to further the cause of temperance, to secure the passage of such laws as may be necessary to close saloons and otherwise to enforce the word of wisdom, and to enact the Sunday law. A resolution in the morning session, sustained by Apostle Heber J. Grant and submitted to the conference for approval was supported by every member of the church present.

Nearly all the speakers at both the afternoon and morning sessions dealt almost entirely with the subject of temperance as based on the revelation of the Word of Wisdom, which prohibits the use of intoxicating liquors, tea, coffee and tobacco, and which recommends the sparing use of meat.

After but a brief mention of the prosperity which has been granted the church since the last conference, President Joseph F. Smith devoted his address to the advocating of temperance as based upon the Word of Wisdom, and to urging the Latter-day Saints to so live as to set an example to other peoples in this regard, and to make their name known over the whole world as advocates of temperance. He also severely censured the use of tobacco in any form.

Supported by Counselors. President Smith's counselors, John R. Winder and Anthony H. Lund, who also spoke at the morning session, sustained the position taken on temperance by President Smith, and pledged their hearty support in the stand which he had taken. The subject was taken up immediately on the opening of the afternoon session by Apostle F. M. Lyman, who did not confine himself to speaking against intoxicating liquors, but who attacked the habit of using tea and coffee and the excessive use of meats. Mr. Lyman touched the matter from a financial point of view, and showed the enormous saving which would accrue from the discontinuance of the use of intoxicants, tea, coffee, tobacco and meats.

He was followed by Apostle Heber J. Grant, who made a most telling picture of the results of intemperance. After he had announced that the checking of the liquor traffic was in the hands of the people whom he addressed, he urged on them that they use every effort, in the family circle and throughout the state, to bring the traffic into disrepute, and by their votes at the coming election to stamp out the saloon evil forever. He stated, in concluding the resolution printed above, which received the unequalled sanction of the entire conference. At the evening session, Judge H. H. Rolapp of Ogden also urged that the people of the church talk with their votes as well as with their voices against the saloons.

Attendance Enormous. The attendance was enormous in spite of the inclement weather. At the morning session every seat in the tabernacle was filled and every available foot of space was utilized for standing room. An overflow meeting was held in the assembly hall, which was attended by fully 2,000 people, who could not get inside the tabernacle. This meeting, which was under the direction of Apostle Anthony Ivins, was addressed by Joseph E. Robinson, G. M. Ellsworth, C. H. Callis and

BASEBALL AND POLITICS FEATURES OF NEWS FORECAST OF PRESENT WEEK. Big League Pennants Will Be Decided—Bryan and Taft Will Meet in Chicago—Kern and Sherman Active.

During a temporary lull in the political campaign, baseball will take the center of the limelight for the ensuing week, while the country awaits for the decisive battle in the big league pennant race. The politicians, however, will not be idle. Taft continues in the west. Bryan is at Lincoln, resting and writing. He will leave his home Tuesday to speak in Iowa, and then go to Chicago, where Bryan and Taft are to be the guests of honor at the big league-to-golf congress. Meantime Senator Beveridge is busy in the far northwest, speaking at Seattle, Portland, Tacoma, San Francisco and intermediate points. Hughes will be heard in South Dakota, Minnesota, Michigan and Missouri, closing the week at Chicago.

Kern and Sherman. Sherman will remain in Ohio for several days, then return to New York. Kern is swinging through North and South Carolina and the Virginias. Hence, unless there should be an eruption at Lincoln or Washington, the week bids fair to be peaceful politically. Two big conventions are to be opened within the next few days, that are fraught with importance for the commercial interests of the country. The first is the lakes-to-gulf or "deep waterway" congress at Chicago. The slogan is "fourteen feet through the valley," and they are demanding that a fourteen-foot channel be provided by the government from Chicago to New Orleans via the Illinois and the Mississippi river. Mr. Taft will speak Wednesday morning at 11 and Bryan at 2 p. m. The other convention is the Trans-Mississippi commercial congress at San Francisco. This convention is made up of delegates from the states west of the big river and its purpose is to discuss and adopt such measures as will tend to improve commercial conditions. At Philadelphia, founders' week is already being celebrated. No city is richer in historic lore than the city of brotherly love, and the celebration has attracted much attention. In Berlin begins the international bal-

## BLINDERS FROM THE VERY FIRST

Chairman Hitchcock in Shoal Water With an Overladen, Unseaworthy Ship. COMPASS AND CHART GONE. REPUBLICANS HAVE NOTHING BUT CARD INDEX LEFT.

(Special to The Herald.) Washington, Oct. 4.—Frank H. Hitchcock, chairman of the Republican national committee, is an utter and dismal failure, and were he a sensitive man would have long since retired from the nominal management of the Republican campaign. The trouble with Hitchcock is that he lacks experience in practical politics, and does not possess those qualifications which fit him for the important office he has assumed. Hitchcock is a clerk and in that capacity he has no superiors. But Hitchcock is not a politician, and he is not a leader of men. Therefore, he is not a success as a campaign manager. If this was a campaign like that four years ago, as the Republicans thought it would be, Hitchcock would have filled the bill, for in 1904 sentiment was overwhelmingly for Roosevelt, and Roosevelt would have been elected whether the Republican party had had a campaign manager or not.

Not Equal to the Job. Four years ago Hitchcock was the right-hand man of Chairman Cortelyou, but neither one of them was equal to the job of conducting a real live campaign. Cortelyou, however, was lucky, in that he had a very easy campaign, and his frailties were not shown up. From the very first, Hitchcock has blundered. He was given some credit for having brought about the nomination of Secretary Taft at the Chicago convention, but that credit did not belong to him. All credit in connection with Taft's nomination was due to Roosevelt. At the Chicago convention, Hitchcock was instructed from Washington to force the nomination

OF COURSE HE'S FOR TAFT. Mr. Maybelle Gillman Corey, President of Steel Trust, Making Splurge in Chicago. (Special to The Herald.) Chicago, Oct. 4.—William Ellis Corey, president of the steel trust, is the newest representative of monopoly row to publicly advocate the election of Judge Taft.

Mr. Corey is best known to the world as the owner of the divorcee's big wife, the actress, Maybelle Gillman. He came to Chicago this week with the latest Mrs. Corey, traveling in three special cars, aboard which was an orchestra composed of twelve musicians. It was while traveling in this luxurious manner that the head of the steel trust gave out the interview urging the election of the Republican presidential candidate, Mr. Corey stopped the music aboard his palatial train long enough to say to newspaper men: Judge Taft is all right. He is a man of great ability, and I believe will make an ideal president. I think he will be elected.

UTAH MUSICIANS HEARD. (Special to The Herald.) Boston, Oct. 4.—Two youthful Utah musicians were the prominent artists at the first recital of the season given by the New England conservatory students yesterday afternoon. Miss Florence Jepperson, a pretty Provo City vocalist, rendered effectively the song "Panis Angelicus," by Cesar Franck. A Beethoven sonata was played by Irving Snow of Salt Lake City on the piano. Both selections were well applauded, and were the hits of the recital. A large gathering of music lovers enjoyed an address by Professor Chadwick to the students on the subject of musical study as one of the features of the gala opening.

## CHICKS AND GAITS TO FIGHT IT OUT

New York Must Win All Games to Tie Chicago for First Place. PENNANT RACE IS EXCITING. ENORMOUS CROWD WITNESSED FINAL DEFEAT OF PIRATES.

Chicago, Oct. 4.—Pittsburg was today eliminated from the National league pennant race when Chicago scored a 5 to 2 victory before a crowd which was declared to be the largest which ever paid to see a game of baseball in the world. Today's game was the final one of the season for Chicago and Pittsburg, while New York has three more to play, all with Boston. If one of these games is not played by reason of the weather or for other cause, or if Boston wins one, the pennant will go to Chicago for the third consecutive year. By winning all three New York will exactly equal Chicago's percentage of .541. Tonight Chicago leads the league with 61; Pittsburg is second with 52, and New York, who did not play today, is third with 53. The story of the victory is a simple one. Chicago garnered twelve hits off Willis and Camnitz, while Brown allowed Pittsburg but seven. The contest was clean throughout. The umpire's decisions were questioned but once, and this in orderly fashion, despite the intense suppressed excitement under which the play-worked.

Pirates' Leader a Gamester. President Murphy of the Chicago club announced the paid attendance at 20,247. This, Mr. Murphy said, was the largest attendance ever present at a game of baseball in the United States, or presumably in the world. It was nearly 4,000 larger than ever passed through the gates of the west side ball park before.

Game by Innings. First inning—Pittsburg: Thomas went out on an easy ground, Brown to Chance. Tinker threw a wild pitch, but was out stealing second, Kling to Evers. No runs. Chicago: Shekard should have been an easy out, but he was out in the crowd in right field and went for a double. Evers sacrificed him to third. Schulte singled to right and Shekard scored. Chance flew out to left. Howard walked. Schulte taking second. Hoffman filled the bases with an infield hit. Pinner fouled out to Gibson. One run.

Second inning—Pittsburg: Wagner went out easily, Chance to Brown. Brown's curve, Schulte grounded out. No runs. Chicago: Wagner threw Kling out to Stork. Clarke took Brown's third fly. Shekard struck out. No runs.

Third inning—Pittsburg: Wilson struck out. Gibson singled to Schulte, but Gibson made third on the throw in. Thomas walked. Chance to Brown. Brown's curve, Schulte grounded out. No runs. Chicago: Wagner threw Kling out to Stork. Clarke took Brown's third fly. Shekard struck out. No runs.

## OUTROPE STORM IN MANILA BAY

Atlantic Fleet Passed in Safety Through Fierce Tropical Hurricane. RAIN FELL IN TORRENTS. GREAT DAMAGE ASHORE, BUT NO LOSS OF LIFE REPORTED.

Manila, Oct. 4.—The Atlantic battleship fleet has safely outtrope a hurricane which swept Manila bay for twelve hours and did much damage ashore. The typhoon signals were displayed early Sunday morning, but the storm broke over the bay suddenly and unexpectedly at noon. It was impossible to hoist the cutters and launches belonging to the fleet because of the danger of smashing them against the steel sides of the battleships, and the little craft were sent scurrying inside the breakwater into the Pasig river, where they remained all night. The storm quickly increased in intensity, and the torrential rains shut in the ships.

At 8 o'clock Sunday night the storm had reached its height and it then gradually tapered down until at midnight it was comparatively calm, although heavy seas swept across the harbor. During the storm all the battleships had steam up ready for any emergency. Rear Admiral Sperry feared they might drag their anchors. The six vessels steamed down close to Cavite, where they anchored. At times the wind blew at the rate of one hundred miles an hour, all communication with shore being cut off. It was impossible during the height of the storm to see the warships through the haze of rain and spray.

On shore it was dangerous to go about. Several cars were overturned by the wind, trees were blown down, electric wires were prostrated and several buildings were unroofed. Among the buildings unroofed was the depot commissary.

Trans - Mississippi Congress Will Open at San Francisco Tomorrow Morning. San Francisco, Oct. 4.—The nineteenth annual session of the trans-Mississippi congress will meet in this city next Tuesday, with 1,500 delegates in attendance. The commercial organizations of every state west of the Mississippi will have representatives at the gathering, and a great variety of subjects of importance to the western portion of the United States will be discussed.

Barrett Will Be There. The conservation of natural resources will be considered to a greater extent than last year, and the administration will be represented by William H. Wheeler, assistant secretary of the department of commerce and labor, and a resident of this state. Another visitor from the national cabinet will be John Barrett, who comes with the rank of envoy and minister in order to convey to the delegates the greetings of the Latin republics, as entrusted to him by their diplomatic representatives. It has not yet been determined how many western states will be represented by their chief executives in person, but Governors Gillet of California, Cutler of Utah and Mead of Washington will deliver addresses, and others are expected. Attorney General Dickson of Colorado will represent Governor Buchtel of that state. David Starr Jordan, president of Stanford university, will be another speaker of national prominence.

Officers on the Ground. J. B. Case of Kansas, president of the congress, and Thomas F. Walsh of Colorado, chairman of the executive committee, have both established headquarters in this city and have been at work for several days. Supplementing the important movement presented by the Deep Waterways association, favoring the construction of the lakes-to-gulf channel, fully a dozen sections of the west will bring strong delegations to urge the improvement of their home rivers and harbors. It is believed that a resolution in favor of the creation of a federal department of mines will be adopted.

FEWER CHOLERA CASES. St. Petersburg, Oct. 4.—The cholera epidemic is being kept well in hand, considering the hold it had on the city before proper measures were taken to spread were taken. In the twenty-four hours from noon Saturday until noon today, the new cases numbered 13, and the deaths 2.

STRIKE DECLARED OFF. Winnipeg, Oct. 4.—The Canadian Pacific mechanics' strike has been officially declared off.

There will be guns a-popping in the city council tonight, and Councilman Fernstrom will be the fellow to pull the trigger. All the trouble will be started about and continued upon the retail liquor licenses. The applications for retail liquor licenses have been under consideration by the license committee. Tonight they will come out of the committee's hands with a startling suddenness. In the course of human events tonight there will be a raking over of coal fires especially built for the occasion. The subjects to be toasted will be the breweries and the Republican party.

How the Law Reads. There is an ordinance on the books now that says specifically that no person or company shall own more than three saloons. This ordinance was drawn for the purpose of clipping the wings of the breweries. Mr. Fernstrom, it is said by some of his friends, has armed himself with facts and figures that show that at least three of the four breweries in this city are violating the ordinance. Their method of evasion is to present applications under names of agents or representatives, but according to Mr. Fernstrom's data, it is said, the books of the county assessor show that, in fact, the breweries own two-thirds of the saloons in this city, and that the names under which the applications for liquor licenses are made may as well be fictitious, so far as any real interests the persons have in the business.

One Owns Thirty-eight. It is said that one of the breweries alone owns thirty-eight saloons, and that only one brewery keeps within the limit of three. The assertion is made that if the law were enforced the number of saloons in Salt Lake City—approximately 125—would be cut in twain, and only half the establishments now permitted to do business would be given official sanction for the traffic. Practically all of the so-called dives, it is claimed, are owned by the breweries, and nearly all of these "joints" will fail of license if Mr. Fernstrom has his way.

That Deal With Republicans. Incidentally, there are likely to be a few remarks tonight with reference to the deal between the breweries and the Republican party. Incidentally, too, there is a strong probability that a few bars of free advertising for one of Salt Lake's morning newspapers. Since the paramount issue, "Should Utah Adopt Prohibition," advocated in the "official organ of the Republican

FATAL AUTO ACCIDENT. Holland, Mich., Oct. 4.—While on an automobile trip from Grand Rapids to Holland today, Dick Brink of Grand Rapids, a prominent merchant, was fatally injured while driving down a hill near Vriesland. The steering gear broke and the automobile turned turtle in a ditch.

ROOSEVELT TO TAKE STUMP. Lincoln, Oct. 4.—That President Roosevelt fully intends to take the stump in favor of the candidacy of Mr. Taft was the information received at Fairview today from the east. It was said that the advice came from persons upon whom reliance could be placed, and were to the effect that Mr. Roosevelt is planning to make at least six speeches in the course of a trip from the Atlantic to the Pacific, the concluding speech to be delivered at San Francisco, with numerous short speeches en route. Mr. Bryan, however, absolutely refused to make any comment on the subject. In order to devote still further attention to the state of Iowa, the Democratic candidate tonight announced a change in his plans in connection with his trip to Chicago, where, on the night of the 7th inst., he is to meet Mr. Taft at a banquet. Instead of leaving here Tuesday afternoon and going direct to Chicago, as had been arranged, Mr. Bryan will start tomorrow night for Des Moines, from which point he will, on Tuesday, proceed to Perry, Tama and Cedar Rapids and deliver set speeches, while from the rear platform of the train en route he will probably make several short talks.

The journey to Chicago will be made Tuesday night. Although it has not been definitely settled, it is now planned that Mr. Bryan shall speak in St. Louis Friday evening and then re-enter Kansas on Saturday for a full day in that state, returning to Lincoln Sunday. It also is declared that before making his final trip into the middle west and the east he will spend a day or so in campaigning in his home state.

Tomorrow evening Mr. Bryan will go out to Havelock, where are located the shops of the Burlington railroad, and address the laboring men. Mr. Taft, a few days ago, spoke at the same place.

## TRAGEDY IN PLEASURE PARK

Tucson, Ark., Oct. 4.—A terrible tragedy was enacted at Elysian Grove, a pleasure park near here, this afternoon, when an immense black bear, which had been raised in captivity from a cub, had been in the habit of being given soda pop at the bar, and when it escaped it went there. It was driven out by the attendants, but returned, and when it was again driven away and an attempt made to drive it into its cage, it became enraged and charged the crowd. The wife of a Southern Pacific employe named Buss sued and snatched the infant and crushed it to death before its mother's eyes. It was attacking the woman when a shot from a policeman's revolver stopped it. The bystanders opened a fusillade and filled the brute with a score of bullets. The beast had been closely confined since a week ago, when it attacked a small boy.
